WORK EXPERIENCE

STONE POINT CAPITAL

New York, NY / Greenwich, CT

Private Equity Summer Analyst

Jun 2026–Jul 2026

- Joined the investment team on a live portfolio company, working with senior management to analyze operating and financial data, participate in investment meetings, and support quarterly and full-year strategic planning
- Built a 5-year DCF and trading-comparables valuation for a ~\$10.5B public company, forecasting revenue, EBITDA, and unlevered FCF, developing an investment pitch and recommendation based on valuation, growth, and industry dynamics
- Conducted thematic investment research across 5 real estate software and data analytics verticals, mapping ~50 emerging AI companies and preparing public-company profiles evaluating business models, competitive positioning, ownership and management teams, market trends, and valuation comparables
- Developed a custom GPT workflow automating executive research, source verification, and firm-standard PowerPoint creation, reducing turnaround from several hours to approximately 10–20 minutes

AUTO ONE DETAILING

Greenwich, CT

Founder

Mar 2020–Present (seasonal)

- Founded and manage a mobile car detailing business, overseeing end-to-end operations including marketing, branding, sales, customer scheduling, payroll, and financial management
- Generated \$35,000+ in cumulative revenue over 6 seasons, growing annual revenue ~67% from \$6,000 to \$10,000 by 2024 while serving 50+ individual clients across seasonal cycles
- Built recurring revenue through subscriptions and seasonal packages (~60% of annual sales) and directed 2 part-time employees, improving margins through labor efficiency and cost controls

CATALYST CONSTRUCTION LLC

Greenwich, CT

Real Estate & Investment Research Summer Analyst

May 2024–Jun 2024

- Focused on high-end duplex development, modeling multiple budgeting and sale scenarios to achieve 25–45% profit margins or strong long-term rental income
- Conducted market research and analysis, assessing multi-million-dollar property values, market trends, demographics, and relevant Connecticut laws, regulations, strategies, and financial principles
- Collaborated directly with the founder on personal and real estate investment strategies while engaging with Catalyst Construction partners, employees, clients, and industry professionals

LEADERSHIP & PROJECT EXPERIENCE

Treasurer

Rutgers University—New Brunswick

Sigma Alpha Epsilon | NJ Rho Chapter

Jan 2026–Present

- Administer all financial operations and manage a \$250,000+ annual operating budget across 20 expense categories
- Lead long-term financial planning and capital management, supervising a \$3.5M chapter house acquisition for Fall 2026
- Ensure full compliance with executive board, university, national fraternity, and housing financial requirements

Operational Strategy & Analytics Management Skills Project

Rutgers University—New Brunswick

4-person Consulting Team | Topgolf (Edison, NJ)

Sep 2024–Dec 2024

- Collaborated to analyze Speed of Service inefficiencies impacting customer satisfaction and labor costs
- Identified key issues of staffing shortages, turnover, and labor-demand misalignment through interviews and research
- Developed data-driven solutions through SMART goals, labor analytics, and incentives, improving efficiency and morale
